- Data driven planning and steering
- Partnerships with cities and suppliers
- Community and events

WORKED ACROSS

9 German states: Rhineland-Palatinate, Baden-Württemberg, Hesse, Berlin, Brandenburg, Mecklenburg-Western Pomerania, Hamburg, Schleswig-Holstein, Lower Saxony

Hi, I'm

Tobias Maue.

Co-Founder & CEO, CardCircle

Creating something from nothing that moves all of us forward.

PROFILE

Mechanical engineer with an entrepreneurial mindset. Since 2019 I have been building locations, teams and processes in young, fast growing companies, in places where there is no blueprint yet. I am more drawn to what is new than to the established corporation: projects that make a difference and last.

EXPERIENCE

08/2025 to present

Co-Founder & CEO
CardCircle · Mannheim, Rhine-Neckar
- Co-founded an event and community company for trading card games
- Organisation, partnerships with venues and development of new event formats

11/2025 to 04/2026

Office & Operations Manager
Quantune Technologies GmbH · Berlin
- Built and structured internal office and operations processes
- Coordinated external service providers and partners

10/2024 to 03/2025

Operations Manager, Climate Tech
VARM · Berlin
- Responsible for Berlin and the surrounding area and the launch in Hamburg, with assignments across northern Germany
- Coordinated tradespeople, construction sites, warehouse, material flow and customers

01/2023 to 06/2024

Regional Operations Manager Rhine-Main
TIER Mobility · Frankfurt am Main
- Responsible for regional performance including contribution margins
- Developed team leads and aligned the regional strategy with data

04/2021 to 01/2023

Operations Manager Frankfurt Region
TIER Mobility · Frankfurt am Main
- Site lead for Frankfurt, Darmstadt, Rüsselsheim, Mainz and Wiesbaden including the surrounding areas
- Launched the Rüsselsheim location, fleet, staff and battery management

11/2019 to 03/2021

Operations Manager Kaiserslautern
TIER Mobility · Kaiserslautern
- Built new locations and teams, temporarily also Karlsruhe
- Shift planning, process development and performance analysis

EDUCATION

Bachelor in Mechanical Engineering
DHBW Mannheim

SIDE PROJECT

Money flow at a glance
- Self developed Android app with a widget for a true financial overview across several accounts.
